ASSESSOR'S MAP BOOK NOS. 8153, PAGE 14, PARCELS 900 and 901
BUILDING PERMIT NO. BL087240035
PROPOSED METAL STORAGE**

We reviewed the Notice of Improvement form and a site plan submitted for your building permit application on 11515 Colima Road for the proposed metal storage shed. There are no right-of-way acquisitions or road improvements to be imposed under the provisions of the Zoning Ordinance. A copy of this letter has been sent to our Building and Safety Division (La Puente District office) to provide the requested road clearance for your application.

A permit from our Construction Division will be required for any improvements including driveways, within road right of way. Street plans depicting these proposed improvements are currently under review in our Land Development Division, Road and Grading Section, and upon approval will be returned to you for permit processing. Additional information regarding procedures and requirements may be obtained by contacting Mr. Ruben Cruz or Mrs. Letty Schleikorn at (626) 458-4910.

Very truly yours,

GAIL FARBER
